A 5K RUN TO AID A YOUNG THOMIAN FIGHT THE BATTLE OF CANCER

01-03-2013

PROJECT Overview

This project has been undertaken by Thomian class of 2012 who were united by the cause of helping another fellow Thomian , in what can be seen as a rough patch in an otherwise successful life.

Harshula Wimalashantha a college prefect of the batch 2011/2012 was diagnosed with brain cancer, after having 4 surgeries he still is fighting the cancer with a smile on his face, which is amazing to hear as it is the one thing that no single person can aid him with. Those who schooled with Harshula will say that they would have never guessed anything was wrong with him, unless of course when he got too clever and made quick fire witty comments then some would think he was nuts.

As anyone can very easily guess, fighting cancer comes at a cost. We can help bear some of this financial burden that has been thrust unto Harshula and his family.

In hope of raising a noteworthy sum of money which will be gifted to Harshula to oversee the cost of any upcoming procedure, it has been proposed to organize a 5K run where all proceeds would directly benefit Harshula.

Project Introduction

Organize a 5K run with the assistance of all participants who would make it possible to achieve the goal of creating awareness of cancer and providing financial support to a Young Thomian.

The run would be organized at the college small club grounds for a crowd of 1000 people, registrations would be priced at Rs. 500 each.

We are hoping to provide a T-shirt which would encase all our sponsors to all those who register.

Project Objective

To create awareness of the situation faced by one of our own and help him financially in any way possible. The main sources of income would be sponsorships for the event and creating awareness would result in more donations, making this project a success in two aspects.

Organizational background

The organizing committee involves a number of Old Boys who are a young group of enthusiastic students who have just passed out of college in the year 2012.

Time Period

As this project has been of spontaneous origin, we have very little time in making very time consuming decisions.

We would have a time frame of 20 days commencing on the 8th of February 2013 to the concert which is scheduled for 1st of March 2013.

Vision

Our vision is to create awareness on cancer and the seriousness which should be associated with it, also implement a system where funds could be generated for any Thomian currently schooling or old boy, who maybe facing a life threatening illness.

Mission

To successfully see through Heart-Beat 2013, and provide Harshula Wimalashantha with much love and financial support, give him the strength and support to come out of this situation stronger and better.

The success of this project would depends on the enthusiasm and participation of the Thomian fraternity beginning from College students, parents, old boys and members of the staff.

REGISTRATION FORM

NAME :

DATE OF BIRTH : / /

ADDRESS :

CONTACT NO(s) : ,

E MAIL ADDRESS :@..... .com

FORM (IF CURRENTLY SCHOOLING AT S. THOMAS' MT. LAVINIA) :

EMERGENCY CONTACT NO :

I hereby agree to the terms and conditions of the race.

.....

SIGNATURE OF APPLICANT/ PARENT (If applicant is below 18 years)
