Dear LJ,

Thanks a lot for organizing the wonderful get together followed by the excellent dinner . It was a night to remember; meeting all those buddies at your homely residence. The photographs were excellent viewing.... all of them have changed their hair styles.

Warm regards to you & the family

Dear Lakshman,

Thank you very much for inviting me for this Unique & Exclusive Gathering of Guru Old Boys.

It was a fantastic set up. Very good idea and what a feeling, meeting with College friends after many years.

You have set up a very high standard, reminds me of Guru during The Dr Hayman & Rev Foster days.

Lakshman, you are a great host. Thank you once again. I will be in touch.

Warm Regards,

Kishin Butani.

Dear Lakshman

Firstly I would like to thank you and your lovely family for the kind and generous hospitality. You waste no time in entertaining college mates and welcome us all with open arms. The food was always beautifully presented and I for one never miss a single item on the table, big thank you once again.

Since leaving Sri Lanka heading to England in 1968, I met only a handful of my college and house mates, but spending my retirement in Sri Lanka over the last five years or so, gave me an opportunity to reconnect with my past, friends and family. This was fairly limited to those still remained in Sri Lanka. Being invited to gatherings (get togethers) at your home gave me the perfect opportunity to meet few that I had not seen for almost 50 years. Although it was rather embarrassing not to have recognised them immediately, I managed to recollect my memory over time and I cannot express in words my joy of meeting them in such a warm and welcoming atmosphere. Sadly I have decided to take a break away from Colombo to spend more time with my two sons in England. I will miss my friends here, and wonderful, amazingly beautiful my mother land. I do hope to make frequent visits back over the next few years, and may be, given the right conditions (real democracy and good governance) I will return to spend longer spells here.

Untill then, I wish you and your family the very best in life. If you ever happen to vist UK, please do contract me.

Kind regards to you and the family

Dear Lucky,

Thank you for your mail and it looks as if you are at it all over again. It is a bit of a shame and very unfortunate that I am arriving in Sri Lanka on the 19th of July for a very short (ie fortnight's stay) to attend a wedding and also the 50th wedding anniversary of some friends from UK. I wish Ananda Amaranath de Silva would have been a fortnight or at least a week or so delayed. Looks like I am going to miss your and Pradeepa's genial hospitality and a memorable evening with real friends and mates. please convey my best wishes to everyone and I am gutted that I am going to miss it by a week and a couple of days.. I will be thinking of all of you and I will be grateful if you can keep me in the loop when you send the photos of the evening.

As I mentioned I am arriving on the 19th and I will be staying with my mate Sunil Peiris at Buller's Lane. I have the 50th Wedding Anniversary on the 22nd and the Wedding (ie a Homecoming for Kamal's son) on the 29th. I will be occupied on the 21st and I will also have to make a trip to Rosebury in between before flying out to UK. I will call you and somehow drop in to see you but my timing may be erratic this time as I will not have my usual transport. We will speak and sort something out. If there is anything the girls want specially from UK you have only to ask and I MEAN IT. please let me know asap as time does fly..

I trust this finds you Pradeepa and the girls well and in the best of health. Shall close with my best wishes to you all and also for a fantastic and memorable evening on the 10th.

Yours ever,  
Harish

Dear Lucky,

Thank you. As you know I am still in USA and have no immediate plans of coming to Sri Lanka.

Sorry to miss a get together of our vintage. Please tell Ananda that I still remember the occasions I visited him at Rahula Road, Matara during some school holidays, having lived only a couple of miles away. Also I remember him playing cricket as a fast bowler and playing soccer with him, not forgetting his hockey.

Please give my regards and best wishes to him and also to the others I closely associated during my involvement with the OBA.

Regards,  
Mahen
